Natural Beef Sales

You've heard about farm to table slogans... Here's the real deal. Circle L Ranch is our beef cattle farm located about 20 miles from the Galaxy in Burbank, Ohio. Natural beef is sourced locally from the farm and served at the Galaxy Restaurant. We produce a combination of Limousin (naturally leaner beef cattle) and Angus, called Lim-Flex, providing the perfect blend of beef product. Cattle raised at Circle L Farm are antibiotic & hormone free. Our commitment to providing high quality, naturally raised beef is why we have branded the Circle L Steakhouse at the Galaxy. We offer natural beef product you can take home, from the farm to your table. Be natural and give it a try! *Once you experience this beef, we promise you will be hooked!*
